Fast towable saddletank trailer, incorporates the highly recommended Slow Speed NDHM power pack. This unit has a 4 cylinder water cooled engine running at 1500rpm. This engine speed increases longevity and keeps the machine much quieter for those cleans that are noise sensitive or unsociable timings. Strong, robust, heavy duty hot, cold and steam mobile diesel pressure washer. Over engineered for strength and reliability, this unit can stand up to some of the most demanding environments. Perfect for heavy industrial cleans where electricity is not available and high pressure and flow is required.
